

Planner 1

Miura | Full Time | Rockmart, GA, US

Purpose of position:

Plans entire manufacturing schedule of the plant and maintains the data in the MRP system. Creates work orders based on sales forecasts and actual orders. Develops and maintains schedules by department to insure maximum proficiency. To maintain inventory accuracy, planner must check daily work order status and support production to keep process “start date” and “end date”. Planner also prepares various reports for management regarding planning, inventory, number of boilers made, standard capacity, and workloads. Ensures orders are complete and ready to ship on time.
